## Verse 1

**D G D G**  
Why beat around the bush and allow the  
world to hush

**C G D**  
my faith that I treasure and I love

**G D G C**  
As a city on a hill let Your light spread and fill  
the earth

**G D**  
as you move among us

## Chorus

**D G C G**  
Holding the line can be so hard to do  
sometimes

**D G C G D**  
But You've laid hold of me and I know that I  
can't let go of You

**G C G D**  
And all You've called me to do

## Verse 2

**D G D G C**  
Now I'm encouraged by the ones who lived  
their lives in faith

**G D**  
In what they could not see

**G D G C**  
So I will run the race in their tracks I'll hold the  
faith and know in

**G D**  
Suffering what it means to be.....

## Bridge

**C G D G**  
Bridge: If You lead me through suffering I'll  
hold onto my faith

**C G D G**  
When the enemy is buffeting I'll hold on to my  
faith

**C G B7 Em**  
When there's trials high as mountains I'll hold  
onto my faith

**C G D G**  
For of this I am certain, in You I will be  
saved...
